

TAIDO

NORDIC OPEN 2022

10th-12th June, 2022

It is finally time to get together!

Taido Nordic Open -event brings together taidokas from Finland and all over the Europe! Yuetsu Tanaka sensei from Japan will also attend the event!

Nordic Open -event consists of sweating in good company, international competition, international Taido camp/ seminar and shinsa for the black belts.

Above all, this is a great opportunity to catch up with old friends and meet new ones!

It is also 50 years since mr. Minoru Okanda introduced the sport to Finns. So it's time for the anniversary!

- Please note: Participation in the event is at own responsibility and own risk in every aspect. All participants are obliged to take out private insurance which is valid abroad and covers accidents in Taïdo competitions.
- Taïdo Finland will see to it that an English-speaking medic is available for the participants during the competition. If any treatment that is not or cannot be carried out by this medic becomes necessary, it will be a matter between the participant, the local therapists and participants own insurance company.
- European taidokas: the European Health Insurance Card (EHIC) is valid in Finland. Get yourself a free card before your trip to the event. That card gives you access to medically necessary, state-provided healthcare during a temporary stay in Finland.
- For jissen, men are allowed to wear specified chest protections, and women and juniors both the specified chest protection and the specified face protection especially. With own responsibility competitor can choose not to wear protection.
- In Dantai jissen the general rule is that one team should consist of 3 competitors, however, if a player is not able to participate due to injury or similar and no substitution is available, the match for the absent player will be counted as a "default loss" and the team can participate in the event with two (2) competitors. In dantai jissen, all five Taïdo technique classes must be represented by the three members of the team. Possible combinations:
- a) sen-un (1), hen-nen (3), ten-sen (5)
 - b) sen-un (1), un-hen (2), nen-ten (4)
 - etc.
